Conference on **Recent Development of Laws and their impact in Construction Industry** by the Consulting Engineers Association of India – Western Region Centre (CEAI-WRC) on 18th October 2024 in Mumbai.

The conference in 2022 was very well attended and the feedback was that it gave an excellent opportunity to learn from expert insights and was a platform for exchange of experience.

The conference had participation from a number of corporates and government authorities dealing with projects across the country.

On their Demand

CEAI brings a Sequel

The conference will focus on the latest trends and developments in construction litigation, with discussion and insights from industry experts on topics which are relevant to those in the construction industry and who regularly face challenges in navigating legal waters, when it comes to both substantive and procedural principles. The conference will have delegates and domain experts from across the country and abroad.

The speakers and delegates will include the Who's Who of Construction and Legal industry including In-House Engineers and Counsels, Contract Professionals, Experts & Consultants discussing key topics.

Ample time for networking and interaction.

ABOUT CEAI

Consulting Engineers Association of India (CEAI) is the apex body of consulting engineers in India. CEAI represents the Indian Engineering Consultancy profession at the International Federation of Consulting Engineers (FIDIC). CEAI has, behind it, over 60 years of accumulated knowledge and experience. CEAI Membership comprises of practicing consultants, private and public sector firms engaged in the entire range of engineering consultancy services. CEAI looks after the interests and enhances the status of consulting engineering profession in India and is equally concerned with quality development, productivity enhancement and promotion of ethical practices. CEAI has established linkages and strong bonds with its counter parts in various countries and is a staunch advocate of global networking and co-operation.
