

Creating Value Ethically for Engineers

FROM THE

PRESIDENT'S DESK

IN THIS

ISSUE

Dear Members & Friends,

Greetings!

First I would like to thank the CEAI members who participated in our various categories of the Annual Awards.

As regards the national front you would be aware that the Central Government had launched the Gati Shakti – National Master Plan for Multi-modal Connectivity in October 2021. The Gati Shakti is a national master plan aimed at the coordinated planning and execution of infrastructure projects in India to reduce logistics costs.

Gati Shakti is a digital platform that will bring together 16 ministries and departments of the Government of India and shall include spatial planning tools developed by BiSAG-N. The idea is to have coordinated execution of infrastructure projects across the country with an outlay of Rs 100 lakh crores aiming at developing holistic infrastructure.

Keeping in view of the massive investment in the National Infrastructure Pipeline (NIP) and Gati Shakti, CEAI Northern Region is organizing a one-day national conference on Multimodal Transport in Jaipur to apprise members of the plan implementation and opportunities.

At CEAI we endeavour to update and expand a member's technical knowledge and also leadership development through CEAI Academy on a regular basis.

Please do reach out to us as we would need volunteers to support our initiative of CEAI Foundation whose motto is "Engineers go Social"

Warm regards,

Dr. Ajay Pradhan

The theme for the March 2022 issue is ***"Becoming Atmanirbhar – Concept to Reality"*** which will be published and circulated soon.

The theme for the June 2022 issue is ***"Contract Management"***. All who are engaged in executing a contracted assignment, task, job, work, or referred to by any term need to be fully aware of and must be proficient in Contract Management so that they are always in the right. Comprehending, delineating, abiding by the requirements and thus managing from the start to the end of a contract is like finding one's way through a labyrinth of clauses in the Contract.

Professionals are invited to share their experience and know-how on managing the multi facets of Contract Management - service delivery, relationship, the contract per se, ongoing assessment, change, renewal or termination, etc. Address the challenges faced, practical issues experienced and the solutions to those, etc. Photographs, charts, diagrams, drawings, etc. would benefit readers for better appreciation of the issues encountered and the manner in which they were addressed.

The themes for the issues of ViewPoint for 2022 are given below.

Sl. No.	Theme	ViewPoint issue
1	Contract Management	June 2022
2	Tall Buildings in India (to cover all aspects from conceptualisation to end of design life)	September 2022
3	Technology/ Engineering for Sustainability and Circular Economy	December 2022

The articles for an issue need to reach CEAI at least 3 weeks prior to the end of the month of the View Point issue.

Articles need to be in Times New Roman 12 with single line spacing with before and after 6 pt and normal margin, on A4 size. A recent clear and bright passport size photograph of the author(s) is to be sent along with the article. For details of formatting please refer to “*Format for Articles for CEAI Viewpoint*” on CEAI’s website, under ‘Publications’.

Advertisement in View Point

VIEWPOINT is circulated to all CEAI Members, FIDIC, Ministries of the Government of India, Public & Private Sector Undertakings, Construction Firms, Contractors, Consultants, Foreign Missions and Funding Institutions in India and other organisations related to or dealing with the engineering profession. Thus, all stakeholders partnering development and progress are its readers.
